About the Book

My Little Eye is the story of a child who, on a night like any other, discovers an adventure like no other. A simple night of stargazing unleashes a world of possibilities and endless imagination. *My Little Eye* encourages the belief in each child that, it is not what you are looking at but what you see that truly matters.

About the Author

I am the mother of two magical little girls; Ella Ryan, four and Lilly Frances, one. After having my Ella "Bella" I was inspired to start this book and after having my "Silly" Lilly I was inspired to complete it. The stars have always intrigued me; their beauty, their mystery and the thought of how many countless wishes have been made upon them. I wrote this book in a simple sense as a bedtime story for my girls and in a greater way as an inspirational message for them. If I can only teach my children one thing in this lifetime, it is to always be intrigued. To always look through curious eyes and never stop believing, dreaming, wishing and seeing.
